- Representation of insured individuals and commercial entities involved in commercial litigation and construction defect litigation.
- Representation of commercial entities involved in commercial motor vehicle litigation.
- Representation of insurers in bad faith and coverage related litigation.
- Representation of brokers involved in disputes with third parties concerning errors and omissions, insurance coverage and breach of contract.

Representative Matters

- Defense verdict in Pennsylvania federal court where it was alleged that a compact refrigerator caused a fire at a high school resulting in substantial property damage. Obtained precedent setting ruling on spoliation of evidence resulting in an adverse inference instruction to the jury. The defense verdict was affirmed on appeal to the Third Circuit Court of Appeals.
- Defense verdict in Pennsylvania state court action where an allegedly defective refrigerator caused a fire and resulting property damage. The defense successfully proved that the refrigerator was not in the area of fire origin and that the refrigerator did not contain any evidence of abnormal electrical activity.
- Defense verdict in favor of servicer of a product in Pennsylvania state court action where it was alleged that negligent service was the cause of a house fire. Through fact and expert testimony, the defense successfully proved that the servicer's work on the product was not the cause of a residential fire.
- Defense verdict in state court action in favor of an international retailer of children's toys in premises liability action where it was alleged that a defective condition in the property caused bodily injury to store patron.
- Achieved cost-effective settlement of all cases on behalf of breast implant component part manufacturer involved in multidistrict breast implant litigation.
- Represented brokers in surety bond litigation involving an E&O claim in which surety company claimed in excess of \$24 million in damages in construction defect and delay litigation. The case was tried in federal court to verdict in favor of the plaintiff in an

amount less than \$2 million dollars constituting a small fraction of the damages claimed and monies demanded in settlement prior to the trial.

- Obtained voluntary dismissals of product litigation venued throughout the United States. The litigation claimed millions in damages and was based upon allegations that a defectively designed product caused fires.
- Achieved beneficial settlement on behalf of an independent school and teacher in high-profile litigation by student and student's family in which they alleged, among other claims, breach of contract, assault and intentional infliction of emotional distress.
- Achieved economically favorable settlement on behalf of public school in litigation by student and student's family in which they alleged negligent supervision of student resulted in catastrophic injuries to student rendering her permanently brain damaged and quadriplegic.
- Successfully defended independent school in volatile litigation by student and student's family where student sought millions in damages for harm allegedly resulting from student's expulsion for acts which student committed while off the school campus.
- Obtained dismissal of School Board in vehicular wrongful death action involving the transportation of a student on school bus.
- Successful and cost-effective management of multi-million dollar arbitration program involving hundreds of product liability claims across the country.
- Obtained Summary Judgment in favor of manufacturer on the threshold issue that the product was not "unreasonably dangerous" under Pennsylvania law.
- Obtained numerous voluntary dismissals and orders of dismissal of foreign manufacturers after the filing of Motions to Dismiss based upon lack of personal jurisdiction.
- Successfully challenged expert's testimony on design defect opinions under Daubert in product liability action.
